

DUOLACK
Finitura u.v. trasparente a spruzzo ad alta
brillantezza e durezza superficiale
u.v. spray transparent finish with high gloss
and surface hardness

ACRYLACK AY 124 VELVET
Finitura trasparente ad elevate resistenze
chimico fisiche antiriflesso
Clearcoat with high chemical-physical
resistances low light reflectivity

HYDROPAC 2K 124
Finitura trasparente all'acqua
applicata su patine PS 15
Water-borne transparent finish
applied on patinas PS 15

VETRIVE W
Finitura all'acqua per vetro
ad adesione diretta
Water-borne finish for glass
with direct adhesion

Since 1858 millions of customers have chosen Lechler paints in the Industry, Refinish, Decorative, Yachting and Habitat sectors identified by the five brands of the group.

After more than 150 years approximately 600 people contribute their abilities and passion to the work of research, development, production and marketing of paint products and the training of users.

In Europe the head office of Lechler is located in Como while the production sites are in Como, Seregno and Foligno. There are the four branches in Manchester (UK), Grenoble (France), Barcelona (Spain) and Kassel (Germany). In Brazil the company operates in the production site and branch of Parai (Rio Grande do Sul) and the branches of Rio Negrinho (Santa Catarina), Tocantins (Minas Gerais) and Paulínia (São Paulo).

Lechler products are currently distributed in over 65 countries around the world.

Italian styled coatings for habitat

IVE is the specialist brand of the Lechler group for the WOOD sector.

With over 80 years of experience developed in Brianza, cradle of the Made in Italy furniture industry and spread all over the world, proposes itself as the ideal partner to offer to the furniture sector painting processes and qualified assistance services for any type of industrial plant.
