

MACROFAN
SIMPLY
UHS CLEARCOAT

The simple, robust clearcoat
with low environmental
impact in every situation

Caring about the differences!

MC401 MACROFAN SIMPLY UHS CLEARCOAT

THE IDEAL SOLUTION
FOR THOSE LOOKING FOR
MAXIMUM SIMPLICITY
AND SAFETY OF USE

Two-pack Ultra High Solids clearcoat with broad spectrum of use and high aesthetic aspect, ideal for all types of repair.

SIMPLICITY AND SAFETY, ALWAYS

Lechler further expands its proposal in the field of UHS Clears to ensure a **simple solution** suitable for all needs.

- **Easy mixing:** dedicated hardener to use in 2:1 ratio without reducers/additives
- **Easy application:** high vertical hold and flow
- **Easy for everybody:** good final results at the 1st trial even for less experienced painters
- **Reduced environmental impact:** low VOC level of the product and less risk of work remaking (reduced waste)

The product **MACROFAN SIMPLY UHS Clearcoat** allows you to **OPTIMISE WORKFLOWS**, thanks to its **SIMPLICITY** which **MINIMISES** the risk of errors in application, with consequent post-processing (e.g. polishing) or reworking.

MACROFAN SIMPLY UHS CLEARCOAT is part of the selected **ECO-SUSTAINABLE** product line for EHS Painting Processes
